The 10TH NOVEMBER, 1838.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandise consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

## TERMS AND CONDITIONS

FOR

MAKING ADVANCES IN INDIA AND CHINA,

UPON

The Goods and Merchandise of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve; and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

For Company's Rupee for Advances made at.....	Rengal.
Ditto.....	Madras.
Ditto.....	Bombay.
For Spanish Dollar Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Commissioners, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both

in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor, and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

*Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 18 of 1838.*

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Peter and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

6.—Several Packages of Tobacco upon which you have made Advances have been seized by the Officers of Customs, in consequence of their having been imported in illegal Packages—Extracts from the Acts 3 and 4, Will 4, Cap. 52, Sec. 58, and 6th and 7th Will 4, Cap. 60, Sec. 4, relating to the Article of Tobacco, are transmitted in the Packet.

### OVERLAND LETTERS AND POSTAGE.

**IT** is hereby notified for general information—

**First.**—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

**Second.**—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

**Third.**—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 6d. By the Falmouth route, Letters of an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

### POST OFFICE NOTICE.

**NOTICE.**—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 p. m. The other daily despatch will be sent off at noon.

Barrackpore	Jehanagore	The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail.
Berampore	Patoolee	
Chundernagore	Cutwah	
Hughly	Mera	
Nuhera	Berhampore	
Bighrah	Jeaunge	The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.
Bantipore	Bogowangulah	
Budkea	Jungypore	
Calcutta	Khamrah	

It has not been found expedient to extend the double despatch on this line of Hawk route, beyond Khamrah, as the great increase of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Hawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11 a. m.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

**OVERLAND LETTERS AND POSTAGE.**

It is hereby notified for general information—

**First.**—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

**Second.**—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

**Third.**—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 6d. Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

FINANCIAL DEPARTMENT,  
THE 19TH NOVEMBER, 1838.  
The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

TERMS AND CONDITIONS  
FOR  
MAKING ADVANCES IN INDIA AND CHINA,  
UPON

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

Per Company's Rupee for Advances made at.....	Bengal.
Ditto.....	Bombay.
Ditto.....	Rangoon.
Per Spanish Dollar Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both

in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates percent, at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

*Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.*

6.—Several Packages of Tobacco upon which you have made Advances have been seized by the Officers of Customs, in consequence of their having been imported in illegal Packages—Extracts from the Acts 3 and 4, Will 4, Cap. 52, Sec. 58, and 6th and 7th Will. 4, Cap. 60, Sec. 4, relating to the Article of Tobacco, are transmitted in the Packet.

The following Act passed by the Right Hon'ble the Governor General of India in Council, on the 3d of August 1840, is hereby promulgated for general information :

**ACT No. XVI. of 1840.**

*An Act concerning the management of Convicts transported to places within the territories of the East India Company.*

I. Whereas doubts have arisen touching the legal mode of treating Convicts transported to places within the territories of the East India Company, and it is expedient to modify the rules which have heretofore been followed with regard to the management of such Convicts;

It is hereby declared and enacted, that as soon as any offender shall be delivered to the person or persons to be appointed by the Governor General in Council on that behalf at the place to which he is transported, the property in the service of such offender shall be vested in such person or persons during the term of transportation.

II. And it is hereby declared and enacted, that it shall be lawful for the Governor General in Council to appoint the Governor or other Authority at any place within the territories of the East India Company, or to appoint one or more Superintendents at any such place as the persons to whom Convicts undergoing transportation shall be delivered and in whom the property in

the service of such Convicts shall be vested as aforesaid.

III. And it is hereby declared and enacted, that it shall be lawful for the Governor General in Council to issue orders from time to time to any such Governor, Authority, or Superintendent, and which orders are hereby required to be duly executed, and to frame rules touching the classification of Convicts, their confinement, treatment, and discipline, and touching such moderate correction as may be necessary in cases of misbehaviour and disorderly conduct, and of neglect or disobedience in the service of those persons in whom the property of such service may be vested as aforesaid.

IV. And it is hereby declared and enacted, that all persons who have heretofore been transported to any place within the territories of the East India Company, and whose terms of transportation are not yet expired, shall be subject to the provisions contained in this Act, and nothing heretofore done with respect to offenders who have been so transported in conformity with the provisions of this Act, or by the orders, or with the sanction of Government, shall be called in question in any Court of law.

## NOTIFICATION.

WITH reference to the notice of the undersigned, dated 27th ultimo, it is hereby further notified that from the 1st proximo, the mid-day despatch will be extended to the line of Trunk Road between Calcutta and Loodianah, from each of which places a Mail, for the other extreme end, will be despatched at noon. This despatch will include Letters, &c., for the several Stations noted in the margin. Letters from Calcutta intended for transmission by the noon despatch, for these Stations, must be delivered at this Office between the hours of 10 and 11½ A. M.

H. S. OLDFIELD.

Offg. Post Master General.

Fort William, Genl. Post Office, }  
The 1st of January, 1841.

## POST OFFICE NOTICE.

**NOTICE.**—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 P. M. The other daily despatch will be sent off at noon.

Barrackpore	Johanagore	} The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail. The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.
Sorampore	Patoles	
Chandernagore	Cutwan	
Hoochly	Morai	
Noiserai	Berhampore	
Digrah	Jangnogo	
Santipore	Boguwangolah	
Nuddoa	Jangypore	
Calnah	Khamrah	

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great increase of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

## OVERLAND LETTERS AND POSTAGE.

**I**T is hereby notified for general information—

**First.**—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

**Second.**—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

**Third.**—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 6d. By the Falmouth route, Letters of an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

**East India Army Agency,**16, CORNHILL, AND 8, ST. MARTIN'S PLACE,  
CHANCING CROSS.

Messrs. GRINDLAY, CHRISTIAN, &amp; MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance.—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to transact every description of business connected with India and the Colonies.

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

Messrs. COLVIN, AINSLIE, COWIE & Co., Calcutta.  
Messrs. BINNY & Co. Madras.  
Messrs. LECKIE & Co. Bombay.  
Messrs. FRITIT & Co. Do.

**CORRESPONDENCE****Between Europe and India Overland.**

THE following PLAN, now in practice by a large number of the Subscribers to Messrs. GRINDLAY and Co.'s Agency, is recommended for general adoption:—

All Letters should be addressed in the ordinary manner, but with the addition of "16, Cornhill," below, and the name of the Subscriber on the back, in whose account the Postage is to be charged. The Letters are, immediately on their receipt, registered and forwarded (post paid) by Messrs. G. and Co. to the address, either permanent or variable, of the Party in Europe or India respectively. The Postages, with the Annual Subscription, are charged periodically in account with the Subscriber, payable either in England or India; or in many cases a remittance in advance is made to cover the probable estimated amount during the year.

An Envelope, containing several enclosures, written on thin paper and watered, may thus be sent:—

**Via Marseilles.**

Under Half ditto, double ditto ..... 3s. 6d.

**Via Falmouth.**

Subscribers absent from England have the privilege of naming a Proxy, to avail himself of the resources of the EAST INDIA ROOMS, in LONDON.

And it is requested that a Letter of full Instructions be addressed to Messrs. G. and Co.

**ADVERTISEMENT.**

It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, showing that the Orphan Press has the exclusive privilege of Printing for Government.

"I am directed to acknowledge the receipt of your letter of the 8th instant, and in reply to state that it is by no means the intention of the Government to withdraw any part of its printing business from the Orphan School Establishment, or to allow Public Officers to give a preference to other Presses. On the contrary, the Vice President in Council has declared his readiness to enquire into every case in which other Establishments may be employed to the prejudice of the interests of the Orphan School, whenever such may fall under his notice or be made the subject of representation.

## (No 1311.) FORT WILLIAM, JUDICIAL AND REVENUE DEPARTMENT, THE 4TH AUGUST, 1840 NOTIFICATION.

The following Rules for the examination of Candidates for Moonshiffs, are published for general information :

First.—That at each of three Zillah Stations in the North Western Provinces and four in Bengal, to be selected by the Governments of those Presidencies respectively, there be appointed a Divisional Committee of Examination, consisting ordinarily, besides such person or persons as the Government may think fit—of—

1. The Commissioner of the Division in which the station is situated.
2. The Zillah Judge.
3. The Magistrate.
4. The Principal Sudder Ameen or Principal Sudder Ameen of the Station.

Secondly.—That all Candidates for Moonshiffs be required to send in their applications for examination to a Zillah Judge of the Division within which they desire to be examined, at least two months before the examination to be held—but that no such applications shall be presented to the Judge who is a Member of the Examining Committee.

Thirdly.—That the Zillah Judge, after making such enquiries as he may deem proper, in order to ascertain that nothing exists against the character of the applicant to render him unfit to enjoy the privilege of examination, shall certify on the face of the application, that the applicant may be examined.

Fourthly.—That the Divisional Committee shall meet at least twice in each year, for the purpose of examining Candidates offered to them for examination during the preceding six months, by Zillah Judges within their Divisions.

Fifthly.—That the examination shall be conducted by the Committee in such manner as shall, from time to

time, be prescribed to them by the Sudder Dewanny Adawlut.

*Sixthly*.—That at the conclusion of the examination, the Committee shall grant to such Candidates as they may deem proper, diplomas of fitness for employment as Moonsiffs, after such form as the Sudder Court may prescribe—and at the same time forward duly certified lists of such Candidates to the Sudder Dewanny Adawlut.

*Seventhly*.—That the possession of such diplomas shall entitle Candidates on application, to be recommended by Zillah Judges and Commissioners for vacant Moonsiffships, and to be appointed to such vacant Moonsiffships by the Sudder Dewanny Adawlut before any Candidates not possessing such diplomas.

*Eighthly*.—That in case any Zillah Judge shall, by reason of having received no application from a Candidate with a diploma, nominate to the Sudder, to fill an existing vacancy, a Candidate without a diploma, the Sudder Court shall appoint to the vacancy any one from among the lists of passed Candidates, who may be willing to accept the vacant appointment; but the Sudder Court shall not delay the appointment for the purpose of making enquiry as to the willingness of any individual on the lists. On the contrary, if no application should be before them from any such person when the Judge's nomination may be taken into consideration by the Court, they shall, unless they be aware of other objections, appoint provisionally the Candidate recommended by the Zillah Judge, subject to his obtaining a diploma in due course under the following rule.

*Ninthly*.—That in case any person not possessing a diploma be hereafter appointed a Moonsiff under the last rule, he be required to present himself for examination to the Divisional Committee at the first examination held after the expiration of six months from the date of his appointment, and that if he then fail in obtaining a diploma of fitness his appointment be deemed vacant.

*Tenthly*.—That after effect has been given to these rules if the Judge of a District have good and sufficient grounds to believe from any proceeding or other information officially before him, that any Moonsiff under his control not previously recommended, is not sufficiently qualified to discharge in a proper manner the duties of his situation, he may, with the concurrence of the Commissioner, require such Moonsiff to present himself for examination before the Divisional Committee at their next meeting, and any Moonsiff who being so required may refuse to submit to examination or being examined may fail to obtain a diploma, shall forfeit his appointment and shall not be re-appointed to a Moonsiffship until he obtain a diploma of fitness.

*Eleventhly*.—That in future no Sudder Ameen be appointed except he be one of three Moonsiffs recommended for promotion by the Sudder Court, and unless he have served as a Moonsiff for at least twelve months previous to the date of recommendation.

# OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

*First.*—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

*Second.*—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

*Third.*—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 6d. By the Falmouth route, Letters of an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

#### ADVERTISEMENT.

It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, shewing that the Orphan Press has the exclusive privilege of Printing for Government.

"I am directed to acknowledge the receipt of your letter of the 6th instant, and in reply to state that it is by no means the intention of the Government to withdraw any part of its printing business from the Orphan School Establishment, or to allow Public Officers to give a preference to other Presses. On the contrary, the Vice President in Council has declared his readiness to enquire into every case in which other Establishments may be employed to the prejudice of the interests of the Orphan School, whenever such may fall under his notice or be made the subject of representation.

## FORT WILLIAM,

FINANCIAL DEPARTMENT,

14th JUNE, 1832.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandise consigned to England are published for general information, and the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

### TERMS AND CONDITIONS

FOR

MAKING ADVANCES IN INDIA AND CHINA,  
UPON

The Goods and Merchandise of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve; and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

Per Company's Rupee for Advances made	Bengal.
Ditto..... Ditto.....	Madras.
Ditto..... Ditto.....	Bombay.
Per Spanish Dollar Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both

in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advance, and any interest, including freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates percent, at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

# POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 p. m. The other daily despatch will be sent off at noon.

The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail. The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified. It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great increase of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ a. m.

Offg. Post Master General.

the 27th Dec. 1839. }

## NOTIFICATION.

WITH reference to the notice of the undersigned, dated 27th ultimo, it is hereby further notified that from the 1st proximo, the mid-day despatch will be extended to the line of Trunk Road between Calcutta and Loodianah, from each of which places a Mail, for the other extreme end, will be despatched at noon. This despatch will include Letters, &c., for the several Stations noted in the margin. Letters from Calcutta intended for transmission by the noon despatch, for these Stations, must be delivered at this Office between the hours of 10 and 11½ a. m.

## OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 6d. By the Falmouth route, Letters of an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

### East India Army Agency,

16, CORNHILL, AND 8, ST. MARTIN'S PLACE,  
CHANCING CROSS.

Messrs. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance,—its pretensions were tested by

experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouch- ed for by a large proportion of those whose engage- ments led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Sub- scribers and the Public at large, that they continue to transact every description of business connected with India and the Colonies.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Consignor may have incurred on account of the Consignment, and any interest which should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

WITH reference to the notice of the undersigned, dated  
23rd ultimo, it is hereby further notified that from the

line of Trunk Road between Calcutta and Loodianah, from  
each of which places a Mail, for the other extreme end, will  
be despatched at noon.  
This despatch will in-  
clude Letters, &c., for  
the several Stations  
noted in the margin.  
Letters from Cal-  
cutta intended for  
transmission by the

#### POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the Presi-  
dent in Council, from and after the 15th of the  
ensuing month of January, there will be a second despatch,  
daily, from Calcutta to Khamrah, six stages in advance of  
Berhampore; as also, a second daily despatch thence to  
Calcutta. The ordinary Mail, from Calcutta, as at present,  
will go out at 8 P. M. The other daily despatch will be  
sent off at noon.

Barrackpore	Jehanagore	The mid-day despatch will convey letters, news- papers, &c. for the sta- tions noted in the mar- gin, thus giving them an advantage of 8 hours over the night Mail.
Serampore	Patoolce	
Chandernagore	Cutwah	The hour most suita- ble for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.
Houghly	Mera	
Nisera	Berhampore	
Digrah	Jeagunge	
Santipore	Bogwanagolah	
Nuddia	Jungypore	
Calnah	Khamrah	

It has not been found expedient to extend the double  
despatch on this line of Hawk route, beyond Khamrah, as  
the great increase of expense for the maintenance of the

additional establishment which would thus be required,  
would not be compensated for by the advantage likely to  
be gained.

Arrangements are making for adopting a similar double-  
despatch, along the whole line of Hawk route, from Cal-  
cutta to Kurnaul, which will, probably, be brought into  
operation by the 1st of February next; but of which, fur-  
ther notice will be given, hereafter.

Letters for the stations specified which may be intended  
for transmission by the mid-day Mails, must be delivered  
at the General Post Office between the hours of 10 and  
11½ A. M.

#### OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Sol-  
diers' and Sailors' Letters, intended for transmission by  
the Overland Mails, and except those specially marked  
"via Falmouth," will be sent through France, and thus  
be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France,  
as well as those to other foreign countries, with which  
France is the channel of communication (if the latter are  
expressly directed to be so sent) will be made up in Packets  
and sent to the French Post Master at Marseilles; but  
Letters for Foreign Countries, other than France, if not  
specially directed to France, will be included in the Packets  
for England. Letters, &c., for places lying between Bom-  
bay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great  
Britain, weighing less than a quarter of an ounce, and  
passing through France, are charged single postage, which  
by that route amounts to 2s. 8d. By the Falmouth route,  
Letters of an ounce in weight, are subject to single postage  
only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage;  
but if transmitted by the way of Marseilles, they are  
charged 2d. each.

4th.—The Parties will be required to place in the hands of the Board of Commissioners, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance, which shall be returned to them previously to their making over the Goods to these Parties or their Agents.

in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

*Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 15th August, No. 13 of 1838.*

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 p. m. The other daily despatch will be sent off at noon.

The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail. The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified. It has not been found expedient to extend the double despatch on this line of Bow's route, beyond Khamrah, as

Barrackpore  
Serampore

Hooghly  
Noisera

the great increase of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

#### OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—  
First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 6d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

## East India Army Agency,

16, CORNHILL, AND 8, ST. MARTIN'S PLACE,  
CHANCING CROSS.

Messrs. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance.—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouch-ed for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to transact every description of business connected with India and the Colonies.

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

Messrs. COLVIN, AINSLIE, COWIE & Co., Calcutta.  
Messrs. BINNY & Co. .... Madras.  
Messrs. LECKIE & Co. .... Bombay.  
Messrs. FRITH & Co. .... Do.

Office of the East India Army Agency in London, 15, Cornhill, and East India Rooms, 8, St. Martin's Place, Charing Cross.

## CORRESPONDENCE

### Between Europe and India Overland.

THE following PLAN, now in practice by a large number of the Subscribers to Messrs. GRINDLAY and Co.'s Agency, is recommended for general adoption:—

ALL Letters should be addressed in the ordinary manner, but with the addition of "16, Cornhill" below, and the name of the Subscriber on the back, to whose account the Postage is to be charged. The Letters are, immediately on their receipt, registered and forwarded (post paid) by Messrs. G. and Co. to the address, either permanent or variable, of the Party in Europe or India respectively. The Postages, with the Annual Subscription, are charged periodically in account with the Subscriber, payable either in England or India; or in many cases a remittance in advance is made to cover the probable estimated amount during the year.

An Envelope, containing several enclosures, written on thin paper and wafered, may thus be sent:—

### Via Marseilles.

IF WEIGHING

Under Quarter of an Ounce, a single rate  
of postage ..... 2s. 8d.  
Under Half ditto, double ditto ..... 3s. 6d.

### Via Falmouth.

IF WEIGHING

Under Half of an Ounce, a single rate of  
postage ..... 1s. 0d.  
Under One Ounce, double ditto ..... 2s. 0d.

The Enclosures would then be forwarded by Messrs. G. and Co. to their respective destinations.

Subscribers absent from England have the privilege of naming a Proxy, to avail himself of the resources of the EAST INDIA ROOMS, in LONDON.

And it is requested that a Letter of full Instructions be addressed to Messrs. G. and Co.

WITH the Sanction of Government, the following Advertisement is published for general information.

## ADVERTISEMENT.

It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, shewing that the Orphan Press has the exclusive privilege of Printing for Government.

"I am directed to acknowledge the receipt of your letter of the 6th instant, and in reply to state that it is by no means the intention of the Government to withdraw any part of its printing business from the Orphan School Establishment, or to allow Public Officers to give a preference to other Presses. On the contrary, the Vice President in Council has declared his readiness to enquire into every case in which other Establishments may be employed to the prejudice of the interests of the Orphan School, whenever such may fall under his notice or be made the subject of representation.

3d.—The Parties will be required to place in the hands of the Board of Quarters, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both

in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorised Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

*Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.*

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Peter and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

6.—Several Packages of Tobacco upon which you have made Advances have been seized by the Officers of Customs, in consequence of their having been imported in illegal Packages.—Extracts from the Acts 3 and 4, Will 4, Cap. 52, Sec. 58, and 6th and 7th Will. 4, Cap. 60, Sec. 4, relating to the Article of Tobacco, are transmitted in the Packet.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—  
*First.*—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

*Second.*—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

*Third.*—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.
